Diogo Falcão

Final-year student at Universidade de Aveiro | mobile developer

In my final year of pursuing a Bachelor's degree, I've gained hands-on experience developing full-stack applications at the University of Aveiro. This includes building Android mobile applications using Java, Kotlin and Flutter. I'm proficient in crafting visually appealing user interfaces, integrating databases and RESTful APIs, and ensuring application efficiency and integrity.

Work Experience

Worten Mobile (Salesperson and technician)

09/2024 - 12/2024

Worten Mobile in Aveiro. I was responsible for diagnosing, repairing, and resolving hardware and software issues on mobile devices, ensuring they function properly and met customer needs.

Computer Engineering intern

RCoders (Castelo Branco)

07/2023 - 08/2023

Learned and got familiarized with Outsystems, a low-code development platform. Developed a final project to demonstrate my knowledge of Outsystems, demonstrating my understanding of industry practices.

Collaborator (Social Media & Events)

NEI AAUAv - Núcleo de Informática da Universidade de Aveiro

08/2022 - 08/2024

Supported social media and event activities.
